

AMELA Board Meeting
3/18/19

Meeting Time: 9:45pm – 10:12pm

Members Present:

Gavin Kremer
Clara Nguyen
Zach Kaufman
Kendall Haworth

Eli was able to attend at the very end of the meeting.

Goal for this meeting:

Make search bar for finding users on friends tab
Show other user pages.

What was accomplished:

Gavin made some slight adjustments to the media player style. Made watch history get logged when user watches a movie. Finished making views for separate media page.

Zach made it so users can view other profiles. Added links for Eli's user search. Cleaned repo a bit and removed redundant files.

Kendall did more work on the inbox. Added box to send messages, but is not functional yet.

Clara made billing form and change information form. Tidied up user pages. Light tuning up of the search page.

Eli made friends page search for users. Made improvements to search page as well and pagination to the search results.

Goals for next meeting:

Sprint completed.

Group decided next sprint will be to implement subscription slots/rentals, and make the inbox/messaging system fully functional.
