

AMELA Board Meeting
3/11/19

Meeting Time: 9:31pm – 9:50pm

Members Present:

Gavin Kremer
Clara Nguyen
Zach Kaufman
Kendall Haworth
Eli Zupke

Goal for this meeting:

Fix admin account problem. Get movie pages up and looking nice.

What was accomplished:

Gavin fixed a bug causing live site to not use css, implemented navigation guards to prevent authenticated users from viewing login/create pages, mockup style for media pages.

Zach fixed the problem with the admin accounts, and implemented very basic media pages along with middleware functionality for said pages. Also created list of links to media.

Kendall completed the Django documentation.

Clara made styles for index pages.

Eli reviewed the code we've done and added a css file that should make our css more consistent across browsers

Goals for next meeting:

Make tv episodes/seasons clickable from show page.
Make media pages look prettier.
Populate production database
General site ease of access
Begin working on media searching
