

AMELA Board Meeting
3/27/19

Meeting Time: 9:31pm – 9:48pm

Members Present:

Gavin Kremer
Clara Nguyen
Zach Kaufman
Kendall Haworth

Eli was sick

What was accomplished:

Gavin worked on cleaning up the codebase, made ratings work for all types of media, fixed button spamming sending multiple requests, fixed rating stars being misaligned, generalized some html components.

Zach improved several method performances. Fixed a bug that displays other users messages on their user page.

Kendall updated billing model and made a billing form. Implemented various validation controls for the form.

Clara made the ratings button and improved it visually. Made css for disabled buttons. Also helped fix users messages appearing to other users. Discovered bug with following that causes users to follow back automatically.

Eli made rating work for tv shows.

Goals for next meeting:

Fix user automatically following a followee.
More code refactoring.
Billing functionality.
