

AMELA Board Meeting
4/13/19

Meeting Time: 9:45pm – 9:53pm

Members Present:

Gavin Kremer
Zach Kaufman
Clara Nguyen

Kendall and Eli had other commitments

What was accomplished:

Gavin implemented payment calculation, transaction logging, daily rental charging, and unsubscribe functionality, although hasn't fully tested it yet.

Zach continued optimizing user pages by paginating watch history and also paginated comments.

Clara made password reset form follow our password restrictions (since it previously allowed invalid passwords) and slightly edited the form.

Kendall added more movies.

Eli had other commitments.

Goals for next meeting:

Test the transactions and rental charging.
Look into making pagination not reload entire page.
Fix bug with holding enter spamming buttons.
Start thinking about coverage testing.
